

Renewals and Customer Growth

Help Customers Succeed and Grow Recurring Revenue.

There's nothing more valuable to your business than your existing customers. But do you know if they are getting enough value from your products?

- Measure account health, renewal health and consumption
- Drive upsell and cross-sell campaigns more effectively
- Help customers succeed so you reduce churn
- Manage renewals proactively and provide customers with insight and transparency

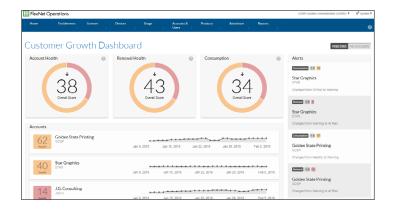

Customer Health Overview

Drive Recurring Revenue from Loyal Customers

The customer health dashboard provides immediate insight and indicates upsell potential and attrition risk.

Detailed views per account drill down into the products your customers own and show their actual consumption for both SaaS and on-premises.

It's easy to create custom watch lists for a particular set of customers and get auto alerts for them on your dashboard. Now, account managers, renewal managers and customer success managers can benefit from actionable insight.

Tool Up for the Subscription Economy

A successful subscription business depends on high adoption and renewal rates. Benefit from actionable insight so you can grow your customers, keep them loyal and drive recurring revenue.

Renewal Management

Kick Your Software, SaaS and IoT Business into High Gear

Drive a successful renewals business and create visibility. Your customers benefit from increased transparency and streamlined workflows.

- Benefit from a holistic overview for all products and monetization models (maintenance renewals and subscriptions)
- Track software renewals that are due or overdue
- Empower customers to plan and budget accordingly
- Send renewal notifications to the right contacts
- Provide self-services and integrate with business systems
